COMPLETE EACH MORNING BEFORE YOU BRING YOUR TROOP TO THE PARADE GROUND

2021 - Troop Morning In Campsite Health Screening

You will need one copy of this form for each day your troop is in camp. Fill in the roster with the names of all Scouts and Leaders attending camp, including part time Leaders. This is a fillable PDF for the roster section. Make 6 copies of the form.
Designate a troop leader to handle the morning screening. Each Scout must be screened for the symptoms noted and a temperature taken and recorded. Leader must be at the head of his troop at morning flag assembly. This form must be completed before your Scouts can enter the parade ground. Bring completed form and your troop to your designated area outside the parade ground.
Any Scout or Leader with symptoms, or a fever, must be escorted to the Health Lodge for evaluation. He or she may not enter parade ground until cleared. It is possible that he won't be cleared if he has symptoms. For the safety of all, more stringent and restrictive rules are in place this year. A Scout is Trustworthy. Scouts are expected to be completely honest in reporting symptoms. Dishonesty could impact the health of many.
